

Salvi Jaison

Graphic Design

I'm Salvi Jaison, a passionate graphic designer from Kerala, India, raised in Sharjah, UAE. My love for creativity began early through painting, collages, and experimenting with colors, which shaped my design journey. I have a strong eye for textures, typography, and visual storytelling, and I'm eager to grow within the role of a graphic designer. Decisive with workflow, skilled at managing time, and driven by passion, I'm committed to working hard, exploring new ideas, and delivering meaningful design solutions.
